How the Red Wing College Promise Works

How will this program work with other college financial aid?

The Red Wing College Promise is a "last dollar" scholarship. That means you must apply for financial aid (through the FAFSA or Dream Act) and institutional aid (Southeast Foundation scholarships). After all scholarships and federal/state grants (grants are money that you do not have to pay back) are applied, the College Promise will cover the remaining cost of your tuition and fees.

What if I don't qualify for any federal or state grants?

Eligible students can receive up to 100% of their tuition and fees from the Red Wing College Promise program.

Am I required to apply for any additional grants, scholarships, or loans if I am in this program?

The Red Wing College Promise will cover the cost of tuition and fees after all scholarships and federal/state grants are applied. However, if desired, you may apply for loans that cover costs not associated with tuition and fees.

Can I attend any Southeast campus for any degree, diploma, or certificate?

Yes, you can enroll in any of the certificate, diploma, or degree programs offered by the college in Red Wing, Winona, and online. For a list of programs, see www.southeastmn.edu/academics.

Does the program cover books and tools?

The program provides \$500 per year towards the cost of books, tools, supplies and materials - up to \$1000 per student.

Is there an application fee or deposit requirement for the college?

There is no application fee or deposit fee required to secure enrollment.

How long do I have to use the Red Wing College Promise benefit?

You are eligible for the Red Wing College Promise as soon as you graduate from high school and for three consecutive years after. That means you can begin college at Southeast starting in Fall after you graduate or after that time, but your access to the program ends after spring term of the 3rd year after your high school graduation. For the Class of 2027, the program is available until Spring Semester of 2030.

Can I attend Minnesota State College Southeast part-time?

Yes, you can attend part-time. However, the benefit is only available for three years after you graduate from high school, so you will want to plan your education pathway accordingly.

Can I lose my funding once I have started at Southeast?

If a student fails to make sufficient progress toward a degree or certificate or does not meet academic progress requirements, funding would be placed in suspension and the student would not receive funding for the next semester. The program would be reinstated if the student demonstrates sufficient progress the following semester. For more detailed information, see: [Satisfactory Academic Progress](#)
